Dear Mr. Filas:

The Resource Development Coordinating Committee of the State of Utah has reviewed this proposed action and the Division of State History comments:

Following a review by our staff, we find that one cultural resource survey has been conducted in the project area, 1103 (attached). There were no cultural resources located. The potential for locating sites eligible for the National Register of Historic Places within the project area is high. The Division of Oil, Gas and Mining can use this information in making any further recommendations concerning the project.

The above is provided on request as outlined by CFR 800 or Utah Code, Title 63-18-37. If you have questions or need additional assistance, please contact A. Kent Powell at (801) 533-7039 or 533-6017.

The Committee appreciates the opportunity of reviewing this document. Please address any other questions regarding this correspondence to Carolyn Wright (801) 538-1535.

Sincerely,

Michael E. Christensen
